She shared a story about her son when he was injured during a robbery attempt and said that he has not been contacted to this day by the Police Department's investigators.

4) Ordinance No. 1027-2011

Myron Kitchens of 869 Pinecrest Drive spoke against the pre-sale code inspection proposed in Ordinance No. 1027-2011 that he feels is very intrusive and a violation of his rights. He saw at least eight violations of illegal apartments on Minola Drive from South Royal Poinciana Boulevard to Oakwood Drive. It is not fair to let violations go unnoticed, while the new inspection process would cause him to give up his constitutional rights. He added that it is difficult to sell a home in the current financial market and the proposed inspection will make it more difficult. He urged Council not to do this to the citizens.

Ordinance No. 1027-2011

Kathy Fleischman of 810 Pinecrest Drive sent an e-mail to Council stating her concerns about the proposed ordinance that she feels is very intrusive and a pre-cursor to the fourth amendment right of the Constitution. She expressed her opposition to the home inspection that she feels is not in the best interests of the seller or the buyer. She also mentioned there is a house that has had code violations for years and Code Enforcement should take care of more pressing issues. She also expressed her concern about the difficult home market and urged Council not to adopt the ordinance.

Agenda Item 10A

Kathy Fleischman stated that Ronald K. Gorland who has served the City as Assistant City Manager would make a great City Manager. She feels that the best person for the job is the man who has been doing the job in the assistant capacity and she wholeheartedly supports Mr. Gorland to be the new City Manager.

4) Elevator Repair Nery Owens of 332 Payne Drive commented that the City Hall elevator sounds worse than it did before in spite of the recent repairs.

Mayor Garcia informed Ms. Owens that the elevator has not yet been repaired.
