8. Consent Agenda: (Funded and/or Budgeted)

A) Approval of City Attorney's Invoice for September 2015 in the Amount of \$13,419.00

The following consent agenda items, separated by department, are budgetary requests that have already been approved in each department's FY 15/16 budget. The purpose of this process is that none of the budget funds can be appropriated for spending without the opening of a city purchase order (PO) which is the intent of all these consent items - to open individual purchase orders to "implement" the approved budgetary items. As such, and as other communities do (including the School Board) instead of reading each item, they move all the consent agenda items by department. I suggest we try this tonight as an alternative to the tedious reading of each of these 33 consent agenda items.

PORTIONS REMAIN IN THE SFHA.

This document records the Federal Emergency Management Agency's determination regarding a request for a Letter of Map Amendment for the property described above. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that the structure(s) on the property(ies) shown not located in the SFHA, an area inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood). This document amends the effective NFIP map to remove the subject property from the SFHA, located on the effective NFIP map; therefore, the Federal mandatory flood insurance requirement does not apply. However, the owner has the option to continue the flood insurance requirement to protect its financial risk on the basis of a Preferred Risk Policy (PRP) is available for buildings located outside the SFHA. Information about the PRP and how one can apply is attached.

This determination is based on the flood data presently available. The attached documents provide additional information regarding the determination. LOMAREVIEW PRCESS & OUTCOME

COSTS

- *The LOMA does not require a fee from FEMA; however, the survey and elevation certificate cost for a single isolated home could range from \$500 to \$1,000 depending on the lot and structure.*
- *If, for instance 20 contiguous lots were to be surveyed at once this would drop the survey cost accordingly.*
- *As the number of contiguous lots increased the price would be again reduced.*
- *If the engineer/surveyor were to prepare and process the applications under eLOMA as opposed to the community or owner preparing and processing under the LOMC, additional costs would be realized.*

RISKS OF LOMA PROCESS

- *If information gathered during the survey process indicates that the lowest adjacent grade to the structure is below the BFE, the application is most likely to receive a negative determination and not be removed from the flood zone; thereby receiving no reduction in flood insurance.*
- *In this case money spent on survey would be lost*
- *If Determination Document removes structure from floodplain, some lenders still reserve the right to require you to carry flood insurance, although at a reduced rate*
- *Should you be permitted to no longer carry flood insurance, it is still advisable to carry some level of flood insurance.*

CITY PROGRESS ON COMMUNITY RATING SYSTEM (CRS)

- *The National Flood Insurance Program's (NFIP) **Community Rating System (CRS)** is a voluntary incentive program that recognizes and encourages **community floodplain management activities** that exceed the minimum NFIP requirements*
- *City has hired a floodplain manager and is in the process of updating the City's Storm Water Master Plan. These are two major steps toward obtaining a reduced community rating and therefore between a 5% to 10% or more decrease in insurance rates for property owners*

NFIP COMMUNITY RATING SYSTEM (CRS)

- *The actual classification rate is dependent upon a point total generated through the application process*
- *Besides the benefit of reduced insurance rates, the City's CRS floodplain management activities enhance public safety, reduce damages to property and public infrastructure, avoid economic disruption and losses and protect the environment*
- *The City's implementation of some of these CRS activities can help projects qualify for certain other Federal assistance programs.*

STAUTS OF MIAMI SPRINGS CURRENT CRS RATING

- *City of Miami Springs is currently in the process of becoming a member of the Community Rating System*
- *As of this date the City of Miami Springs receives a Class 10 rating from the CRS*
- *This is the lowest rating possible, and therefore leads to extremely high insurance rates with no rate percentage reductions; which in turn has caused the City to pursue an enhanced rating*
- *The CRS system is divided into a number of categories, each worth various points*
- *CRS classifications or changes in classification go into effect May 1st of October 1st*

STAUTS OF MIAMI SPRINGS CURRENT CRS RATING

- The CRS classes for local communities are based on 18 creditable activities, organized under four categories:

*Public Information,
Mapping and Regulations,
Flood Damage Reduction, and
Flood Preparedness.*

- The point system is as follows:

Table 110-1. CRS classes, credit points, and premium discounts.

CRS Class	Credit Points (cT)	Premium Reduction	
		In SFHA	Outside SFHA
1	4,500+	45%	10%

SFHA: Zones A, AE, A1–A30, V, V1–V30, AO, and AH

Outside the SFHA: Zones X, B, C, A99, AR, and D

Preferred Risk Policies are not eligible for CRS premium discounts because they already have premiums lower than other policies. Preferred Risk Policies are available only in B, C, and X Zones for properties that are shown to have a minimal risk of flood damage.

Some minus-rated policies may not be eligible for CRS premium discounts.

Premium discounts are subject to change.

POTENTIAL MIAMI SPRINGS REDUCTION IN PREMIUMS

Average points given to communities are as follows:

- *Given the likely categories in which the City would qualify. Using average points Earned the total is 1903, which is over the class 8 threshold*
- *This would allow the City to go from a classification of 10 down to 8 for a 10% insurance premium reduction in flood prone areas.*

Re: Miami Springs Aquatic Facility Project Update

Dear Tammy,

As requested, the following is a brief project update.

- Revised drawings including the code-compliant fire sprinkler system have been submitted to the Miami-Dade County Fire Department for review. Subsequent review by the Fire Department was performed by a different reviewer and yielded additional comments. These comments have been addressed and acceptance is expected soon.
- Additional documentation requested by the Department of Health regarding the old pool has been submitted. Acceptance is expected soon.
- Foundations have been completed and block work is ongoing.
- Pool excavation has been completed and pool framing is ongoing.
- Abandoned fuel tank was removed. The soil in the surrounding area was removed and tested as required by DERM. No contamination was found. Letter of review and acceptance was issued by DERM to the City.
- Meeting was held for the Art in Public Places program and 5 artists were shortlisted. Team met with the shortlisted artists. Presentations are set for November 17.
- Lunacon presentation to the team to discuss project color palette is scheduled for Friday, October 9.
- Miami Springs continues to direct purchase materials to save taxes on these materials. This process will continue throughout the duration of the project. These savings will go towards replenishing the contingency account.

Let me know if you have any questions.

Regards,

Jorge Ferrer

Miami Springs Police Department

Memorandum

To: Ronald K. Gorland, City Manager
From: *Armando Guzman 9/30/2015*
Armando Guzman, Chief of Police
Subject: Veterinary Services
Date: September 30, 2015

Currently, the Police Department utilizes the Miami Lakes Veterinary Clinic for the medical needs of the Department's K-9 Patrol dogs, which includes wellness exams, vaccinations, surgeries, sick visits, medications, dental cleanings, emergency visits, dietary supplements, etc. The Department has used this same vendor for the past 18 years and the quality of care is excellent. Access to care is available on a 24-hour basis. In the past the pricing for various services has been very reasonable and I expect this continue.

Based on the quality and availability of service, and the fact that the clinic is familiar with the medical history and records of the Department's dogs, I recommend that the competitive bid process be waived and the Miami Lakes Veterinary Clinic be utilized for FY 15/16.

Subject: Hector Turf

RECOMMENDATION

Recommendation by Golf that Council authorize the issuance and/or execution of a purchase order to Hector Turf, utilizing a cooperative purchase with National IPA under RFP # 120535 (attached), in an amount not to exceed \$30,363.50, for 3500-D Toro Groundsmaster rough mower as funds were budgeted in the FY15/16 Budget pursuant to Section §31.11 (E)(5) of the City Code.

DISCUSSION: The 3500-D Toro Groundsmaster rough mower is used to mow the steep slopes around greens and tees daily at the Miami Springs Golf Course. The mower we currently have is over 10 years old and now has a blown engine which will cost approx. \$7,366.04 to replace along with the costs of the any additional parts needed to assemble and labor. It is time to replace this unit since it has reached the end of its operational life. This mower was in our original maintenance fleet package purchase list back in July 2013 but was removed in order to lower the overall costs of the purchase and we thought we would be able to get a couple of years from this unit. This is an essential mower that is used almost 32 out of the 40 hour work week and is desperately needed to continue the progress at the Miami Springs Country Club.

FISCAL IMPACT: We will be including this unit in the lease we are preparing with Suntrust and will cost \$6,200 a year for five years.

AGENDA MEMORANDUM

Meeting Date: 10/12/2015

To: The Honorable Mayor Xavier Garcia and Members of the City Council

Via: Ron Gorland, City Manager *Ron*

From: Chris Heid, Planner

Subject: Rights-of-way Vacation

Recommendation: It is recommended that the request for rights-of-way vacation be approved subject to the conditions of the attached staff report.

Discussion/Analysis: One of the most difficult hurdles in the redevelopment of NW 36 Street is the small parcel size under multiple ownership, making parcel aggregation for large redevelopment projects difficult. The closure of the rights-of-way would create a parcel of 150,259 square feet, or 3.44 acres under single ownership.

However, it must be noted that vacation of the rights-of-way are a conceptual vacation only, and are dependent upon the submittal of a master site plan for the development of the property that is to the City's satisfaction.

Fiscal Impact (If applicable): Increase in tax revenue to the City when redevelopment occurs.

Re: Sucre, LLC's Request for Vacation of Right-of-Way

Dear Mr. Heid:

Our firm represents Sucre, LLC (the "Applicant"). The Applicant owns 13 parcels totaling approximately 2.83± acres located on the north side of N.W. 36th Street and adjacent to La Villa Drive and Minola Drive (the "Property"). This letter shall serve to respectfully request, on behalf of the Applicant, the City's approval of the closure of the segment of La Villa Drive extending approximately 345 feet north of N.W. 36th Street (the "La Villa Drive ROW") and approximately 345 feet of an alleyway located immediately east of La Villa Drive (the "Alley ROW"), as reflected on the enclosed survey, in order to facilitate the redevelopment of the Property.

The Applicant acquired the Property in February 2015 with the intent to redevelop the Property with a unified mixed use development in accordance with the NW 36th Street District regulations contained in the City's Comprehensive Plan and Zoning Code. According to the City's Comprehensive Plan, the intent of the NW 36th Street District is to encourage large-scale developments of a wide range of compatible and complementary uses, including hotels, retail and residential uses. The Property currently consists of 13 tax parcels located adjacent to and bisected by the La Villa Drive ROW and Alley ROW. The City's approval of the Petition would allow for the aggregation of these 13 parcels in order to create a unified development tract, which would facilitate redevelopment of the Property with a cohesive, mixed use development comprised of hotel, residential and retail uses.

The Petition is consistent with the goals, policies and objectives of the City's

Comprehensive Plan. Policy 1.8.1 of the Comprehensive Plan allows for the vacation of right-of-way provided that the vacated right-of-way is not necessary to accommodate future storm or sanitary sewer facilities. The La Villa Drive ROW and Alley ROW are not needed for future City infrastructure needs, as the requested vacation of right-of-way will facilitate redevelopment of the Property and necessary infrastructure upgrades to service the unified project. As a result, infrastructure in the surrounding area will be upgraded to the benefit of all residents and businesses.

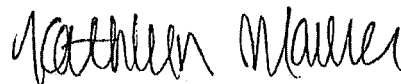

In addition, vacation of the subject right-of-ways would not adversely affect traffic circulation or roadway connectivity. The La Villa Drive ROW is a dead-end street, commencing at N.W. 36th Street and terminating at the north boundary of the Property. Therefore, vacating the La Villa Drive ROW would not adversely impact traffic circulation or roadway connectivity as it is currently an isolated segment of roadway bounded on all sides by the Applicant's Property. Approximately 200 feet of the Alley ROW is surrounded by the Applicant's Property, and the remaining 145 feet is bordered by an abutting gas station. However, the gas station is located at the corner of N.W. 36th Street and Minola Drive and has ingress and egress from both street frontages.

The vacation of the La Villa Drive ROW and Alley ROW is an integral component of the redevelopment of the Property. The approval of the Petition will facilitate the redevelopment of the Property, which will in turn help revitalize the NW 36th Street corridor by encouraging additional development and investment in the surrounding area. The Petition is also in the best interests of the City and its citizens, as redevelopment of the Property will improve the character and design of development along the NW 36th Street corridor in accordance with the City's Comprehensive Plan and Zoning Code regulations.

We respectfully request your favorable review of this Petition. Should you have any questions, comments, or require additional information, please do not hesitate to contact me at (305) 347.7321.

Yours very truly,

MEMORANDUM

TO: Zoning & Planning Board

FROM: Christopher Heid, City Planner

DATE: August 4, 2015

SUBJECT: Application for street abandonment and alley vacation

CASE # 2-ZP-15

APPLICANT: Sucre, LLC

ADDRESS: 4949 NW 36 Street

REQUEST: Applicant is requesting the abandonment of a portion of a City-owned street (La Villa Drive) 20,731 square feet in size, and the vacation of a portion of an alley, 4,284 square feet in size.

THE PROPERTY: The property is three separate parcels separated by a City-owned alley, and a City-owned street, La Villa Drive. The western and central parcels are identical, rectangular in shape, with 142 feet of frontage on NW 36 Street, and a depth of 346 square feet. Each parcel contains 49,132 square feet. La Villa Drive runs between the two parcels. It is a 60 foot wide street with a depth of 346 feet, for a total size of 20,731 square feet.

The eastern parcel is also rectangular in shape, with a width of 190 feet of frontage on Mineola Drive, and a depth of 142 feet, for a total lot size of 26,980 square feet. It abuts a 16 foot wide city-owned alley, at the rear (west).

In addition, the alley south of the eastern parcel also 16 feet wide and 146 feet in depth, running from the south property line of the eastern parcel, south to the north right-of-way line of NW 36 Street would be abandoned as well.

However, when rights-of-way are abandoned, half of the property goes to each adjacent private property owner. As such, the portion of La Villa Drive to be abandoned would go completely to the applicant, as they are the property owners on both sides of the Street. Similarly, the alley to the west of the eastern

parcel would go completely to the applicant, as they are the owners on both sides of the street. However, on the south portion of the alley, the west half would go to the applicant, while the east half would go to the adjacent private property owner.

In summary, the three private parcels contain a total of 125,244 square feet, or 2.87 acres. The street and alley to be abandoned is a total of 25,015 square feet, or 0.57 acres. The total lot size, after abandonment, would be 150,259 square feet, or 3.44 acres.

ANALYSIS: La Villa Drive has been closed to through traffic for years by a metal guardrail and landscaping to prevent cut through traffic into the residential neighborhood. Many of the other streets in the area have similar treatment. Therefore, there would be no impact on traffic flow on La Villa Drive, and little impact – other than trash collection- in the alley. And with the construction of a wall along the north property line, the adjacent residential areas will be better protected from the commercial activity on NW 36 Street.

RECOMMENDATION: It is recommended that the request for street abandonment and alley vacation be approved, subject to the following condition.

1. Any utilities currently located within the abandoned street and vacated alley must be relocated at the applicant's expense, in a location and manner to be approved by the City.
2. A six foot high CBS wall shall be constructed along the north property line.
3. A Unity-of Title shall be executed combining all of the subject property , both public and private, into a single parcel. The City shall be a party to the Unity-of-Title, and the manner and format of the document shall be at the sole discretion of the City, and shall be recorded by the applicant with the Miami-Dade County Clerk's Office.
4. Approval for the vacations must be obtained from Miami-Dade County and the Florida Department of Transportation, as applicable.
5. An Opinion of Title must be submitted for the review and approval of the City.

2. APPROVAL OF MINUTES OF REGULAR MEETING:

Minutes of the February 2, 2015 were approved as written.

Board member Tallman moved to approve the minutes as written. Vice Chair Aloma seconded the motion, which passed unanimously on voice vote.

3. NEW BUSINESS

Board Secretary Sakal swore in the City Planner, the applicants or representatives of the applicants who were going to testify should the Board have any questions.

**A) 02-ZP-15
SALVATORE NATOLI, SUCRE, LLC
4909 N.W. 36 STREET
Zoning: NW 36 ST. DISTRICT
Lot Size: N/A**

Applicant is seeking the vacation of a portion of a city owned rights-of-way.

Planning and Zoning Director Heid read his recommendation to the Board. He said that the Public Works Director visited the site with him and said that he would still be able to continue to maintain adequate trash services in the alley.

Planning and Zoning Director Heid commented that the largest condition is that there will be a unity of title on this property. If the City does not abandon the streets, there are three separate pieces of land they can easily sell those pieces off. He wants to ensure that by taking the rights of way out of there and combining it to one large piece of land and putting a unity of title on it will guarantee that it will remain one piece of land. The unity of title is not necessarily forever and the applicant and the City will be parties to that unity and if at some point they feel that they want to sell a piece separately that is certainly possible but the City would have to agree to it.

City Attorney Seiden clarified a statement on the recommendation. He said that a street and an alley are not owned by the City. It describes it as being owned by the City but the City does not own it. The City has been given dedicated rights pursuant to plats and other documentation when these streets were sub-divided out. The City has a right to use it and have access to it and transport over it. By approving this application, the process would require that a resolution be added to the public records where the City would give up its right to the dedication in exchange for the conditions that were prescribed by the planner.

Discussion ensued regarding pedestrian access from the North side.

City Attorney Seiden stated that the site plan for this project will come to the Board of Adjustment should the Council approve the vacation.

Attorney Santiago Tremendia of 201 S. Biscayne Blvd. introduced his associate, the owners of the building, the architect and a Representative of the Wyndham Hotel. He said that they agree with all of the conditions.

Architect Emmanuel Ortiz of 11501 N.E. 10 Avenue explained that in terms of sidewalk, they are creating an urban development. What is being created is a plaza along 36 Street that will provide restaurants and commercial retail. He commented that in terms of the access, they will be keeping LaVilla Drive as the main access to the building and the secondary access will be Minola Drive.

Discussion ensued regarding a wider sidewalk.

Vice Chair Aloma moved to approve the request with the conditions and the amendment to include Miami Dade Fire Department made by Planning and Zoning Director Heid. Board member Tallman seconded the motion which carried unanimously on voice vote.

4. ADJOURN

There was no further business to discuss and meeting was duly adjourned at 6:56 p.m.

AGENDA MEMORANDUM

Meeting Date: 10/12/2015

To: The Honorable Mayor Xavier Garcia and Members of the City Council

Via: Ron Gorland, City Manager *Ron*

From: William Alonso, Assistant City Manager/ Finance Director *W*

Subject: Reduction of Police Pension Contributions

RECOMMENDATION: Staff recommends that Council authorize the acceptance of the attached agreement with the Fraternal Order of Police (F.O.P) extending the 1% reduction in Police pension contributions for an additional six months beginning April 1, 2016 and ending September 30, 2016, as funds were budgeted in the FY15-16 budget .

DISCUSSION: The City executed a Memorandum of Understanding in March 2015 that reduced the Police Pension contribution from 16% to 15% for the one year period beginning April 1, 2015 and ending March 31, 2016. During our budget workshops, Council budgeted for the cost of extending this reduction for six months until Sept. 30, 2016. Our Labor Attorney, David Miller, has spoken to Joe Puleo, F.O.P. Representative, and the F.O.P. has waived bargaining this issue, attached is the letter of agreement to be accepted by both parties. We decided to extend this for six months and not a full year since under the collective bargaining agreement the Police contribution rate is scheduled to go to 15.5% on October 1, 2016 for FY16-17.

FISCAL IMPACT: According to the attached Actuarial Impact Statement the cost to the city is \$9,846, this is less than the \$15,000 that was budgeted in the FY15-16 budget.

Re: City of Miami Springs Police Pension Contribution

Dear Mr. Puleo:

As you and I discussed this afternoon, FOP bargaining unit employees at the City presently contribute 15 percent of pay to the pension plan. This contribution is 1 percent less than the 16 percent provided for in the CBA; the reduction was agreed to via Memorandum of Understanding between the FOP and the City. That MOU expires on March 31, 2016, at which time the contribution will revert to 16 percent.

The City has offered, subject to approval by the City Council, to extend the 1 percent reduction through September 30, 2016. At that time, the reduction will expire and the contribution will be the amount called for by the CBA.

On behalf of the FOP, you have agreed accept this offer and to waive bargaining on it. Accordingly, the City will proceed to place the matter before the City Council for its consideration at the earliest possible time.

Please confirm the FOP's acceptance of the offer and its waiver of bargaining by return email to me.

Sincerely,

BRYANT MILLER OLIVE P.A.

Re: Miami Springs Police and Firefighters' Retirement System

Dear Audrey:

As requested, we have prepared the enclosed Actuarial Impact Statement measuring the first year financial impact of the proposed ordinance which would amend the Plan by lowering the member contribution rate from 16% of covered pay to 15% of covered pay from April 1, 2016 through September 30, 2016.

The Statement must be filed with the Division of Retirement before the final public hearing on the ordinance. Please have a member of the Board of Trustees sign the Statement. Then send the Statement along with a copy of the proposed ordinance to Tallahassee.

Summary of Results

The baseline results shown on the enclosed exhibits are from the October 1, 2014 Actuarial Valuation Report dated June 26, 2015, updated to reflect the actual Chapter 185 revenue received by the Plan in August 2015. As compared to these baseline results:

- The proposed ordinance would cause the City's required contribution for the fiscal year ending September 30, 2016 to increase from \$693,323 (33.93% of covered payroll) to \$703,169 (34.41% of covered payroll), assuming beginning-of-year timing for the City contribution payment.

\$9,846

Please note that the City's required contribution prior to this proposed change is \$2,983 lower than reported in the October 1, 2014 actuarial valuation report due to reflecting the actual Chapter 185 revenue received by the Plan in August 2015.

Disclosures

The actuarial assumptions and methods, plan provisions, financial data, and member census data used for the purposes of this Actuarial Impact Statement are the same as those used for the October 1, 2014 Actuarial Valuation, except the proposed plan change detailed above.

This report was prepared at the request of the City of Miami Springs and the Pension Board and is intended for use by the City and the Pension Board and those designated or approved by the City or Board. This report may be provided to others only in its entirety and only with the permission of the City and Board.

The purpose of this report is to describe the financial effect of the proposed plan changes. This report should not be relied on for any purpose other than the purpose described above.

The calculations in this report are based upon information furnished by the plan administrator and the City for the October 1, 2014 Actuarial Valuation concerning Retirement System benefits, financial transactions, plan provisions and active members, terminated members, retirees and beneficiaries. We reviewed this information for internal and year-to-year consistency, but did not otherwise audit the data. We are not responsible for the accuracy or completeness of the information provided by the plan administrator and the City.

The calculations are based upon assumptions regarding future events, which may or may not materialize. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); and changes in plan provisions or applicable law. If you have reason to believe that the assumptions that were used are unreasonable, that the plan provisions are incorrectly described, that important plan provisions relevant to this proposal are not described, or that conditions have changed since the calculations were made, you should contact the author of the report prior to relying on information in the report.

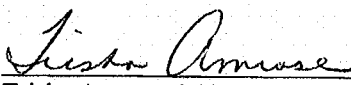

Peter Strong and Trisha Amrose are members of the American Academy of Actuaries and meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinions contained herein. The undersigned actuaries are independent of the plan sponsor.

This report has been prepared by actuaries who have substantial experience valuing public employee retirement systems. To the best of our knowledge the information contained in this report is accurate and fairly presents the actuarial position of the Plan as of the valuation date. All calculations have been made in conformity with generally accepted actuarial principles and practices, and with the Actuarial Standards of Practice issued by the Actuarial Standards Board and with applicable statutes.
