FROM: Jimmy E. Deal, Sergeant
SUBJECT: Purchase of New Evidence Storage Lockers
DATE: June 8, 2015

Per your direction, an evaluation of our current short-term evidence storage system was conducted and upgrading the department's current short-term evidence storage locker would help guarantee better security and integrity of evidence. A short-term evidence storage solution that that does not require keys for deposit of evidence or property was determined to be the best solution.

Various local law enforcement agencies were contacted and a number of them are utilizing or currently installing Spacesaver's evidence storage systems (i.e. South Miami, Miami Gardens and the Town of Medley Police Departments. These short-term evidence and property storage lockers will increase security of evidence and overall accountability. Evidence or property is deposited by an officer. They then close the locker door and press its lock button. The evidence can later be retrieved only by an authorized Evidence Custodian.

The evidence lockers will be comprised of a total of nine lockers of various heights and widths to accommodate different sizes of property and evidence (overall size - 82" in height, 72" in width, and 24" in depth). Two smaller locker compartments will have mail slots installed on their doors that will provide quick deposit of smaller pieces of evidence such as video tapes, CDs, and other small packages enhancing usable space. These evidence lockers have multipoint dead bolt locking systems, double walled, welded doors and anti-pry tabs to provide assurance that evidence will not be compromised. Spacesaver evidence lockers have a lifetime warranty on the frame, a 5-year warranty on moving parts and a 1 year warranty on all parts and labor.

Cost breakdown under State of Florida contract #56121000-15-1, purchased from Patterson Pope Inc.:

AGENDA MEMORANDUM

Meeting Date: 6/22/2015

To: The Honorable Mayor Xavier Garcia and Members of the City Council

Via: William Alonso, Asst. City Manager/Finance Director
Ron Gorland, City Manager

From: Tammy Romero, Professional Services Supervisor 

Subject: Appointment of five members to the Ad Hoc Art in Public Places (APP) Committee

Recommendation:

Request that Council appoint five members to a municipal ad hoc APP Committee that will be assisted by staff trained in the County procedures to fulfill the mandates of the County ordinance. They will be assisted by project managers/architects/engineers and representatives from the City Staff.

Attachment "A" worksheet for the Aquatic Center, we project the APP total to be \$71,869, based on a review of the construction budget now being conducted by the Miami-Dade County Art in Public Places Professional Advisory Trust Board. Of this amount, 15% (\$10,780) must be retained in an interest-bearing account for ongoing maintenance and repair of the art work, up to another 15% may be used for administrative costs with \$3-5,000 to be set aside as stipends to finalists for the development and presentation of site-specific proposals and a charge of \$500 from the County to disperse the RFQ to their substantial list, leaving approximately \$50,308 to be awarded for implementation.

Attachment "B" is a list of the 2009 APP Committee that was convened for the Community Center. Two of the members, Mr. Trowbridge and Mrs. Fleischman, have indicated that they are again willing to serve if appointed. Mrs. Campbell no longer lives in the area, and the remaining members have not responded to staff regarding future involvement.

Discussion/Analysis:

Background: Miami-Dade County Ordinance 94-12 mandates a 1½ % set-aside for commission, purchase, installation and ongoing maintenance of public art for additions or new construction of all governmental buildings. The Art in Public Places (APP) program is a requirement for all capital projects of Miami-Dade County and each municipality in Miami-Dade County that develop new government buildings that shelter people in a wholly or partially enclosed manner and serve a public purpose. New government buildings include newly constructed structures and existing buildings that are converted to a new use.

County guidelines state:

- 1½ % of construction cost of new government buildings, includes but is not limited to:
 - architectural and engineering fees;
 - specialty consulting fees;
 - construction costs (including all systems and features that make a facility functional);
 - site work; and contingency allowances.

- An APP Professional Advisory Committee (PAC) is convened to review artists' submissions and to make commission recommendations to the APP Trust. Committee members are arts professionals appointed by the APP Trust.
- Departments attend and participate in the PAC selection process (especially, project managers/architects/engineers and representatives from the specific users of the building).
- Community representatives can participate at the departments' and APP's discretion.

County stipulations specific to the City's obligation in the Aquatic Center project:

(Procedure Number: 358 Effective Date: 01/14)

1. Municipal governments are required to implement the APP provision set forth in the County Code.
2. Municipalities have the option of administering their own public art projects or working collaboratively with Miami-Dade Art in Public Places to administer, manage and implement the public art projects.
3. If the municipality chooses to implement its own public art projects, it is responsible for adhering to the program's requirements, as outlined in these procedures and highlighted as follows:
 - 1½ % of the total capital cost of new government buildings must be allocated for the commission or purchase of artworks as defined in these procedures;
 - **a competitive, quality-based artist selection process must take place and a selection committee with knowledge and expertise in the visual arts must select the art work;**
 - APP funds must be used solely for commissioning works of public art and a professional artist must be contracted with to implement the public art project;
 - a percentage of the APP funds may be set aside for program administrative costs and repair and restoration expenses for the public art project. It is recommended that up to 15% of the total public art allocation be set aside for costs associated with administering the project and up to 15% be set aside for costs associated with the future repair or restoration of the public art project;
 - Miami-Dade County Department of Cultural Affairs and its APP staff are available to work with municipalities to assist them and confirm that they are meeting the APP program's requirements;
 - if a municipality chooses to implement its own public art projects, but requires the technical assistance of Miami-Dade County APP, a negotiated administrative fee can be determined based upon the complexity and duration of the project (15% plus \$3,000)

Fiscal Impact (If applicable): None. The 1½ % for Art in Public Places is included in the contract for the Aquatic Facility.

Subject: Crown Castle cell tower BU#878268 Hook Square
Attachments: Hook Square BU878268 BTL LE.doc

Good afternoon Mr. Seiden,

Thank you for your call and message last week regarding Crown Castle's cell tower located in Hook Square and referenced above. As mentioned, I have attached a proposal to update the tower lease and secure the site for the tenants.

It's important that I communicate with you as our partner to keep you updated as to what is happening in our industry and to let you know how you might assist and participate. Recently, the amount of time on the existing ground lease has become more important to our mutual interests than ever before. Those sites with less than ten (10) years remaining on the ground leases have become the focus of the carrier's concerns. The carriers are in the process of selecting the most secure sites in order to justify millions of dollars for 4G network upgrades to their equipment and new installations over the next few years to meet the increased demand for text messaging, photos, videos, and wireless internet technology. We would like nothing more than to let the carriers know that the concerns they have with regards to the length of your underlying ground lease have been addressed and are no longer an issue for this telecommunications facility.

Crown Castle desires to operate our towers well into the future and is highly focused on managing our sites to their fullest potential. Our existing agreement for the Hook Square tower site does not currently reflect terms that allow you to capitalize on the lucrative opportunities presently available. I have included a rent increase and bonus with the 20 year lease extension proposal so that the City may capture additional future revenue. With current demand in your area for AT&T and a lease terminating in less than 6 years, now is the time to move forward and update your lease.

Thanks Mr. Seiden. I look forward to working with you on this extension.

ARTICLE 1

CONSTRUCTION OF INTERLOCAL AGREEMENT

The word "shall" as used in this **Agreement** shall in all cases be construed to be mandatory and to require the action so modified by the word "shall" to be taken without regard to the exercise of discretion.

ARTICLE 2

RESPONSIBILITIES OF THE COUNTY

A. **Provision of Disposal Capacity**. The **County** shall provide MSW disposal capacity (and transfer, as applicable) for the MSW which each **Contract City** collects or is collected for it for disposal and which is committed to the **County** for disposal in the County Solid Waste Management System in accordance with this **Agreement**. The provision of MSW disposal services under this **Agreement** shall comply with all applicable state and federal laws.

B. **Disposal Capacity for Concurrency**. The **County** shall maintain sufficient MSW disposal capacity in the County Solid Waste Management System to comply with Concurrency requirements of the Local Government Comprehensive Planning and Land Development Regulation Act (Chapter 163, Part II, F.S.) only as it applies to MSW disposal capacity for the MSW which the **Contract City** collects or is collected for it for disposal and which is committed to the **County** for disposal in the County Solid Waste Management System in accordance with this **Agreement**, and actually disposed of therein.

C. **Standardization of Agreement**. The terms of this **Agreement** shall be substantially the same for all Contract Cities.

ARTICLE 3

RESPONSIBILITIES OF THE CONTRACT CITY

A. **Delivery of MSW to County**. The **Contract City** shall deliver all the MSW it collects or is collected for it for disposal, to a County Solid Waste Management System facility(ies) at Disposal Fee rates as specified herein. Delivery of MSW by **Contract City** to the Waste Management Inc. of Florida landfill in Medley, Florida shall be permitted for the term of this agreement; provided that, (1) the **County's** agreement with Waste Management Inc. of Florida, dated July 31, 1998, is in effect, (2) the landfill is accepting MSW for disposal, and (3) MSW from (a) **Contract City(ies)** is not needed at the Resources Recovery facility, as determined by the Director, in his/her sole discretion.

The Director may identify particular facilities to which the **Contract City** shall deliver its MSW subject to the following:

- (i) The **Contract City** may deliver its MSW to a **County** transfer facility(ies) if the applicable transfer fee is paid to the **County**.
- (ii) At no time during the term of this **Agreement** shall a **Contract City** be required to deliver MSW to a **County** transfer facility unless the County Disposal Fee is the same at all County Solid Waste Management System facilities.
- (iii) The **Contract City** shall not be directed to deliver its MSW to a disposal facility which is farther from the **Contract City's** boundaries than the closest county-owned disposal facility.
- (iv) The **Contract City** shall not be directed to deliver its MSW to a transfer facility which is farther from the **Contract City's** boundaries than the closest county-owned transfer facility. In no case shall the **Contract City** be required to deliver its MSW to a County Solid Waste Management System facility which is farther than twenty (20) miles from the **Contract City's** nearest boundary in order to take full advantage of it rights under this **Agreement**.
- (v) Regardless of the operating status of the County's Resources Recovery Facility, the Contract City shall be entitled to dispose of MSW at the Facility and to pay the regular disposal rate that applies to Contract Cities, which shall be the County's lowest rate for MSW disposal, for the term of this Agreement.

B. Use of Other Facilities Prohibited. The **Contract City** shall not deliver any MSW it collects or is collected for it for disposal to a solid waste disposal or transfer facility other than a County Solid Waste Management System facility for the term of this **Agreement**. The **Contract City** shall not deliver any MSW it collects or is collected for it, to a materials recovery or recycling facility for the term of this **Agreement**.

Notwithstanding the foregoing, in the event that the **County** approves an operating permit for a solid waste disposal or transfer facility located within Miami-Dade County:

Other than:

- (i) A facility that is a part of the County Solid Waste Management System;
- (ii) A facility that is used exclusively to facilitate the delivery of MSW to County Solid Waste Management System facilities; or

- (iii) A facility that is subject to a solid waste disposal agreement with the County, which agreement shall not allow acceptance of third party waste either by agreement or regulation;

Then in that case:

the **Contract City** shall have the option to either pursue a permit for operation of a solid waste disposal or transfer facility for all or a portion of its MSW disposal needs or deliver all or a portion of its MSW to the permitted solid waste disposal or transfer facility(ies) that meets the criteria established herein, provided however that any portion of the **Contract City's** MSW that is not so disposed must continue to be delivered to the **County** pursuant to the terms of this **Agreement**.

C. Hauler Contracts. The **Contract City** shall include in any MSW collection contracts with Solid Waste haulers, or amendments to such contracts, which it executes, renews or extends after the date of this **Agreement**, a provision that all MSW collected for the **Contract City** shall be delivered to a County Solid Waste Management System facility for disposal. This provision shall apply to exclusive franchise or license agreements with Solid Waste haulers to collect MSW on the **Contract City's** behalf. This provision shall not apply to a non-exclusive franchise or license to haul Solid Waste that is not collected on the **Contract City's** behalf.

D. Disposal and Transfer Fees. The **Contract City** shall pay a Disposal Fee (and a Transfer Fee, as applicable) for each ton of MSW delivered to the County Solid Waste Management System for disposal. As of October 1, 2012, the **Contract City** shall pay a Disposal Fee of sixty-three dollars and sixty-five cents (\$63.65) per ton to the **County** for disposal of MSW delivered to County Solid Waste Management System facilities. This Disposal Fee shall be established by separate administrative order, which shall not become effective until approved by the Board. As applicable, as of October 1, 2012 the **Contract City** shall pay a Transfer Fee of twelve dollars and fifty-two cents (\$12.52) per ton to the **County** for transfer of MSW delivered to County Solid Waste Management System transfer facilities. This Transfer Fee shall be established by separate administrative order, which shall not become effective until approved by the Board. The Disposal Fee and Transfer Fee may be increased or decreased for inflation or deflation beginning on October 1, 2013, and on the first day of each Fiscal Year thereafter, relative to increases or decreases in the U.S. Government Consumer Price Index for All Urban Consumers for the Southeast Region of the United States (CPI) for the prior period of July 1 through June 30. Such CPI increases or decreases shall be capped at four percent (4%) per year for the term of this **Agreement**. In the event that the actual CPI increase or decrease exceeds the four percent (4%) cap in a given Fiscal Year, the amount of CPI increase or decrease above or below the four percent (4%) cap shall be applied to CPI increases or decreases in future years when the CPI increase or decrease is less than four percent (4%). The Disposal Fee and Transfer Fee shall not otherwise increase, unless as required by Change in Law, as defined herein, which may occur at any time during the term of this **Agreement**. The **County** shall notify the **Contract**

City of proposed Disposal Fee and Transfer Fee adjustments on the basis of change in law. The disposal fee or Transfer Fee increase based on Change in Law shall fully compensate the **County** for its increased costs. Each **Contract City** shall pay prevailing disposal fees for waste materials for which the **County** charges other than the **County** Disposal Fee for the entire term of this **Agreement**, including, without limitation, tires and asbestos, if provided to the **County** for disposal.

E. **Terms of Payment.** The **County** shall invoice the **Contract City** for Disposal Fees, based on **County** weighing records, by means of First Class U.S. Mail, within five (5) days of the last day of each month, commencing in the first month after the effective date of this **Agreement**, and continuing monthly thereafter for the term of this **Agreement**. In accordance with Section 218.74(2), Florida Statutes, as amended from time to time, payment of Disposal Fees owed to the **County** shall be due from, and payment shall be made by, the **Contract City** forty-five (45) days from the date of receipt of the **County's** monthly invoice.

F. **Dispute on Invoicing.** In the event of a dispute on invoicing, the **Contract City** shall first pay the full amount of the disputed charges when due and shall, within thirty (30) days from the date of receipt of the disputed invoice, give written notice of the disputed invoice to the **County**. The notice of dispute shall identify the disputed invoice, state the amount in dispute and set forth a full statement of grounds on which such dispute is based. The **County** Mayor or his/her designee shall confer with the **Contract City** and the **County** Mayor or his/her designee shall resolve the dispute not later than sixty (60) days after the date upon which the disputed invoice was received. Should the **Contract City** disagree with the determination of the **County** Mayor or his/her designee, it may pursue any remedy at law except withholding payment.

ARTICLE 4 **WEIGHING RECORDS**

The **County** shall cause all **County** Solid Waste Management System facilities to operate and maintain motor truck scales calibrated to the accuracy required by Florida law and to weigh all vehicles delivering MSW. Each vehicle delivering MSW from the **Contract City**, or its contract hauler, shall have its tare weight and cubic yard capacity permanently and conspicuously displayed on the exterior of the vehicle. The **County** or its contractor may, from time to time, require revalidation of the tare weight of any vehicle. The **Contract City** shall provide the **County** with information about each private hauler delivering MSW on its behalf to include: name and address, make, body type and motor vehicle registration number of each vehicle used for such purpose. All such haulers shall have and maintain a valid **County** solid waste hauler permit in accordance with Section 15-17 of the Code of Miami-Dade County, as amended from time to time.

If weighing scales are inoperable or are being tested, the facility operator shall estimate the quantity of MSW delivered using a schedule of estimated waste material weights in accordance with Section 15-25, Subsections (b) and (d) of the Miami-Dade County Code, as amended from time to time. The estimates shall take the place of actual weighing records, when the scales are not operational. The **County** shall use reasonable efforts to maintain the scales in an operable and accurate weighing condition.

The **Contract City** agrees that the County Solid Waste Management System may accept Solid Waste on a Short-Term Disposal basis from private or municipal haulers, so long as the capacity to receive MSW delivered on behalf of the **Contract City** is not impaired, and provided that such haulers shall pay (a) Short-Term Disposal Fee(s) of at least ten percent (10%) above that charged to **Contract Cities**. The (a) Short-Term Disposal Fee(s) shall be established by separate administrative order, which shall not become effective until approved by the Board. All Disposal Fee revenues generated pursuant to this **Agreement** shall be used to pay County Solid Waste Management System costs. This provision shall not inhibit the **County** from entering into agreements with private haulers for delivery of Solid Waste to **County** disposal facilities (with the exception of agreements for delivery of Solid Waste collected by (a) private hauler(s) under contract with any municipality that is not a party to this **Agreement**, which shall be prohibited), the minimum duration of which shall be ten (10) years, provided that the **County** shall not offer (a) Disposal Fee(s) less than that agreed to herein by the **Contract City** to any private hauler for the term of this **Agreement**.

To: The Honorable Mayor Xavier Garcia and Members of the City Council

From: Omar L. Luna, Recreation Director

Subject: Tennis Court Repairs and Re-Surfacing

RECOMMENDATION:

Recommendation by Recreation that Council approve an expenditure to Superior Park System, Inc., the lowest responsible quote, in an amount not to exceed \$27,332.00, for the repairs and resurface of tennis courts as funds were designated by Council in the designated fund balance for FY14/15 Budget, pursuant to Section §31.11 (C)(2) of the City Code.

DISCUSSION: The Tennis Court surface is cracking and the courts are in need of repairs and resurfacing.

Please note per the contractor the following:

"Miami Springs acknowledges the severity of the structural cracks in the surface. These are caused by two major problems: first the proximity to the canal, fluctuation water tables make for unstable sub base, which in turn causes cracking and the previous use of concrete under the asphalt. There is a uniform crack approximately 7' to 8' around the perimeter of ALL the tennis courts. There are also major cracks inside the playing lines."

"Due to conditions as stated in the above paragraph there is no guarantee against the reappearance of structural cracks showing through repainted tennis courts at any time."

Meeting Date: 6/22/2015
To: The Honorable Mayor and Members of the City Council
Via: Ron Gorland, City Manager
From: Karen Rosson, Elderly Services Director
Subject: Continued funding of Tai Chi and Yoga/ physical fitness programs

Recommendation:

Recommendation by Elderly Services that Council approve an expenditure in the amount of \$ 8,400, to fund the Tai Chi and Yoga/Fitness workout programs from July 1 thru Sept. 30, 2016 as funds were designated by Council in their fund balance designations for FY2015.

Discussion/Analysis:

The Elderly Services program received an LSP grant that funded the two programs discussed above until June 30, 2016. The City would like to continue these two very popular programs until fiscal year end. In January 2016, Council approved a designation of fund balance for \$9,000 to cover this program extension. At this time we would request approval of this funding. In the event the LSP funding is approved for next fiscal year, we would reimburse the General fund for this amount.

Fiscal Impact (If applicable):

The \$8,400 cost will be funded from designated fund balance.

Subject: Continued funding of Home Delivered Weekend Meals

Recommendation:

Recommendation by Elderly Services Department that Council approve an expenditure in the amount of \$3,500 to fund Home Delivered Weekend Meals, from July 1 thru Sept. 30, 2016, using funds from General fund balance.

Discussion/Analysis:

The Elderly Services program received an LSP grant that funded the Home Delivered Weekend Meal Program until June 30, 2015. The City would like to continue the provision of weekend meals to the homebound Miami Springs recipients of our Home Delivered Meal Program until fiscal year end. In the event the LSP funding is approved and made available for this time period, we would reimburse the General fund for this amount.

To continue the Home Delivered Weekend Meals from July 1—Sept. 30, 2015, we would need to fund a total of 26 weekend days. There are currently 56 recipients, 45 of which live in Miami Springs. The caterer has agreed to extend our current contract through Sept. 30th at the current unit rate of \$3.58 for weekend meals.

To: The Honorable Mayor and Members of the City Council

Subject: Continued funding of Home Delivered Weekend Meals

Recommendation:

Recommendation by the Elderly Services Department that Council authorize a two month extension for the period of August 1—September 30, 2015 of our current food catering subcontract (in order to insure the continued provision of Home Delivered and Congregate Meals until a new subcontract can be executed) with Greater Miami Caterers, Inc., using Older Americans Act and Nutrition Services Incentive Program funding, as well as Local Services Program funding if awarded.

Discussion/Analysis:

The City's draft bid specifications for a new food catering subcontract were submitted to the Alliance for Aging, Inc. in March for their review. After numerous delays, the City received their final approval on June 16th. In light of the fact that it will take approximately 45 days to complete the City's bidding process before a recommendation can be presented to Council and a subcontract awarded, there will not be sufficient time to execute an agreement to begin August 1st. In order to insure the continued provision of Home Delivered and Congregate Meals until a new subcontract can be executed, a two month extension is requested. The current caterer, Greater Miami Caterers, Inc. has offered up to a three month extension, if needed, at the same unit costs that have been in place for the last year (Attachment "A"). The Alliance on Aging, Inc. has acknowledged our intent to extend for two additional months (Attachment "B").

Subject: Extension of caterer's subcontract

Hello Mr. Olmo,

As per our conversation today, I wish to confirm in writing that the City of Miami Springs has asked if Greater Miami Caterers, Inc. would be agreeable to extending our current subcontract, at the current unit rates, for the period of 8/1/15—9/30/2015. Although our subcontract with you is effective through 7/31/15 and is in the specified final renewal year, we may be unable to complete our bid process in time to award a new contract to begin 8/1/15.

In order to insure the continuation of congregate and home delivered meals to our clients until a new bid can be awarded and a subcontract executed, it is imperative that we determine your willingness to extend our current agreement for an additional two months, if necessary.

Although you have verbally stated your acceptance of said extension, I ask that you acknowledge this in writing.

Thank you for your assistance.

Anne Dessables, MSW, LPN
Contract Manager
Alliance for Aging, Inc.
760 NW 107 Ave., Suite 214
Miami, FL 33172

Dear Ms. Dessables,

As you are aware, our contract with our caterer was first awarded for the period of 8/1/12 through 7/31/13 and has been extended through the second and specified final year ending 7/31/15. Please be advised that the City of Miami Springs will be unable to award a new food service subcontract to begin 8/1/15. We are requesting the Alliance for Aging's approval of a two month extension to our current subcontract in order to insure the continuation of congregate meals and home delivered meals to our clients until a new bid can be awarded and contract executed.

On March 13th, a copy of our draft bid specifications was forwarded to the Alliance for Aging seeking input and ultimate approval of the document. In an email dated 4/24, it was reiterated that our charter requires the City Council to award contracts of this magnitude and that they would only be meeting twice in June and would be in recess for the month of July. As our entire bidding process requires approximately 45 days from the publication of the advertisement, through the Q & A period, submittal deadline, bid analysis and recommendation report, we needed the Alliance's final approval of our proposed specifications by the beginning of May. The initial feedback from the Alliance was received on May 18th and our discussions continue through today on how to address a caterer's requests for unit rate increases over a six year period. As our bid document cannot be issued until we have the Alliance's final approval, it will be impossible to issue a contract to begin August 1st.

Although there might have been some confusion on your part in thinking our subcontract had three more years to go (allowable under the now sanctioned six year maximum term), our legal document specifies a maximum of only three years and it will expire before a new subcontract can be executed. Therefore, the City will invoke the following Section 31.11 (E) (6) (e) of its Code of Ordinances regarding emergency procurement and solicit the current caterer for a two

month extension. This additional time will allow us to complete our procurement procedures as required and to align the new subcontract with the start of our fiscal year.

Sec. 31-11. - Purchasing, procurement, and sale procedures.

- (E) *Methods of competitive purchasing and procurement; exceptions*
 - (6) The following methods of purchasing shall constitute exceptions to the competitive procurement processes previously specified herein:
 - (e) *Emergency procurements.* The City Manager may authorize the emergency procurement of supplies or contractual services when there exists a clear and present threat to the public health, safety or welfare, provided, however, that such emergency procurement shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file. As soon as practicable, a record of the emergency procurement shall be made and shall set forth the contractor's name, the amount and type of the contract, a listing of the item or items procured under the contract, and the number of the purchase order, if any. All such emergency purchases must be presented to the City Council as soon thereafter as possible.
 - (g) *Waiver of competitive procurement procedure.* The City Council may, by motion, waive the competitive procurement requirements of this section for good cause when it determines that such a waiver is in the best interests of the City. However, the motion to waive the competitive procurement requirements of this section must be passed by a four-fifths majority of the City Council.

Your assistance in obtaining the Alliance for Aging's approval of a two month extension to our current subcontract and the final approval of our draft specifications would be greatly appreciated.

Sincerely yours,

Karen Rosson, Elderly Services Director
