Re: FY2021-2022 3rd Quarter Budget Status Report (Unaudited)

Attached, please find the above referenced report based on revenues received and appropriations expended through June 30, 2022. The purpose of this report is to apprise the City's governing body of the FY2021-22 budgetary status and projected year-end revenues, expenditures, and fund balances

#### I. OVERVIEW

At the end of the third quarter of FY2022 the City is within budgeted revenues and expenditures. We are projecting a year end budgeted fund balance of approx. \$6.0 million, this is a decrease of approx. \$374,110 which is higher than the budgeted decrease for this fiscal year of \$112,709, this is due to council approved appropriations from fund balance for the current year to fund various projects and other city needs. As the fiscal year progresses, we may be able to reduce the deficit from other expenditure savings.

I would refer you to Page 19, the golf report shows that shows a YTD profit of \$187,349 for the first nine months of the fiscal year.

The revenues and expenditures as of the end of the third quarter of FY2021-22 are within budgeted amounts and in line with the amounts reported for the same period of last fiscal year.
